

AMERICAN COLLEGE OF
VETERINARY ANESTHESIA
AND ANALGESIA

List of ACVAA approved residency programs

The following residency programs are registered ACVAA residency programs. Veterinarians interested in information about a particular residency program are encouraged to contact the program leader of the program. Please note that these are registered programs and not available positions. *Programs without a listed program leader currently do not have an active program.* **Please note that the ACVAA is not involved in the residency application process.**

Most anesthesia residencies are acquired by application through the **Veterinary Intern & Residency Matching Program (VIRMP)**. However, on occasion, some residencies may be acquired directly through the program institution. In such cases, those available residency positions may be found on this website under “Employment Opportunities; Residencies.” **For more information about residency programs and application -contact the Veterinary Intern & Residency Matching Program at <https://www.virmp.org>**
